1. Background

I refer to my appointment as liquidator of the Company on 13 July 2017 and my previous correspondence to creditors including my statutory report to creditors dated 6 October 2017.

The Company is part of a group of companies known as the Members Alliance Group ("MAG"). MAG operated a range of businesses primarily throughout Queensland including, but not limited to, financial services, project marketing, construction and management and letting rights.

The company was incorporated on January 24th 2008, and operated from "The Rocket," Level 1, 203 Robina Town Centre Drive, Robina QLD 4226. From my initial review, the company operated in the construction of new homes.

My investigations to date have identified a number of potential uncommercial transactions. These transactions arise as a result of payments made to and on behalf of family members and may constitute unreasonable director related transactions under section 588FDA of the Corporations Act 2001. Further information and investigations are required to assess and confirm the position of these transactions.

My investigations have detailed a number of claims involving progress payments for the construction of properties being drawn down in advance of the relevant works being completed. Further investigations and review of these claims is required to confirm any potential fraudulent activity or recovery to the Company. Queensland Police are currently investigating these claims and have requested my assistance with providing certain information. I am assisting the Queensland Police where possible.

Other than potential recoveries detailed above, I have not identified any realisable assets of the Company and therefore, do not anticipate there will be distributions to any class of creditor.

2. Conduct of Liquidation

During the period of my appointment I have performed the following:

- Notified relevant stakeholders of the appointment of Liquidators;
