Please note that there will be additional consultations for the Southern Fish Trawl fishing business owners once the Terms of Reference for that fishery is finalised. The NSW Department of Primary Industries will seek submissions from industry on the draft Terms of Reference for the Southern Fish Trawl through their website at

<https://www.dpi.nsw.gov.au/fishing/commercial/reform/independent-allocation-panel>.

Hull Units Clarification for Inshore and Offshore Prawn Effort Quota Shares:

The IAP would like to highlight to those business owners in the inshore and offshore prawn fishery that the Terms of Reference ask the Panel to advise on the following:

- Should there be a different weighting for shares held versus hull units on a vessel in calculating 'effort shares' (see Ocean Trawl IAP ToR point b(i));
- Should there be a different weighting applied to vessels with varying hull units to recognise potential differences in effort applied by each vessel (see Ocean Trawl IAP ToR, point b(ii)).

The Panel encourages prawn fishing business owners to provide comment regarding these two issues during face to face consultations and in written submissions. If you have previously had a face to face consultation but not provided a perspective on these issues, please do so in your written submission.
