Specialist Support you can trust

## As a part of the Affinity network, you and your clients are given access to a specialised professional, nationally integrated full service accounting firm.

Whether you're an accountant, lawyer or another professional services firm, your clients value you as a trusted advisor. They don't expect you to be an expert at everything but, rather, they expect you to proactively spot issues and opportunities facing them and, when outside the scope of what you provide, introduce the right team of specialists to deliver the solution.

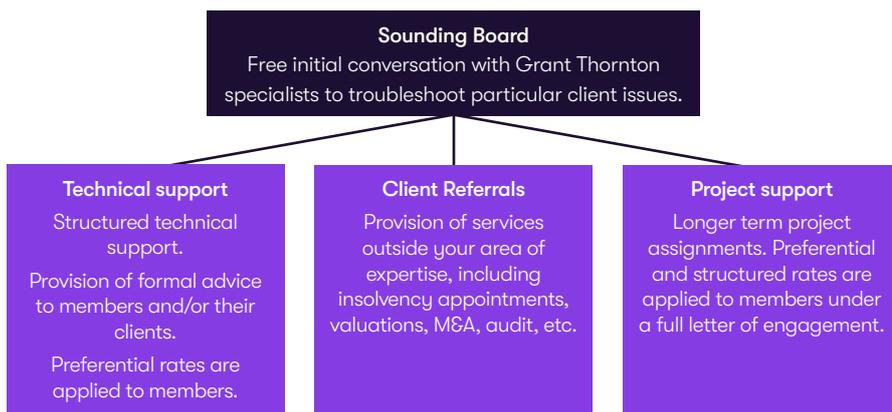

You're very much the key to the relationship, and act as a valued conduit between your clients and a breadth of expertise critical to their business and its growth. Whether you're after a sounding board, or access to specialist advice – such as taxation, insolvency or restructuring, corporate finance or valuations – the Affinity network complements your service offering and adds value to your clients.

The Affinity network was established more than 20 years ago and has evolved to become a unique and supportive community of professional services advisers. We're a non-competitive network where we seek to complement and elevate your service offerings, as well as bring a sense of community and networking to like-minded professional service practices. We regularly facilitate workshops and seminars to not only share best practice and insights, but also opportunities for you to collaborate with others in your industry and to meet your required CPD and training expectations.

Membership to the Grant Thornton Affinity network is free of charge. As a member, we support you in a number of ways:

## Industry expertise

In today's market, knowing your business environment and market is critical. At Grant Thornton, our industry teams offer industry-specific, insightful and objective solutions to the challenges facing businesses today.

We study industry trends and issues closely so that we better understand the complex issues facing businesses in their industry. Grant Thornton's industry specialists, led by partners with deep industry experience, use insights, experience and instinct to provide meaningful, forward looking advice to help dynamic organisations unlock their potential for growth.

As a member of Grant Thornton Affinity you have the ability to access Grant Thornton's industry insights from our network of industry specialists.
