**22<sup>nd</sup> November, 2017**

Dear Fishing Business Owners,

**Independent Allocation Panel**

The Minister of the New South Wales Department of Primary Industries has established an Independent Allocation Panel (Panel) to provide advice on the basis for the allocation catch entitlement in the following fisheries:

- Ocean Trawl – Fish Northern Zone
- Ocean Hauling – Purse Seine Net
- Ocean Trap and Line – Line Eastern Zone
- Estuary General – Hand Gathering

The Panel consists of Dr Daryl McPhee, Susan Madden and Brett McCallum. Biographies of IAP members are set out below. All IAP members have made declarations they have no real or perceived conflict of interest or bias relating to these fisheries.

To ensure independence Grant Thornton Australia has been appointed as project managers of the Panel process. For more information, please visit [www.granthornton.com.au/iap](http://www.granthornton.com.au/iap).

The Minister is in the process of establishing Terms of Reference for the Panel after a formal consultation process with industry stakeholders during November 2017. A copy of the Draft Terms of Reference is available at <https://www.dpi.nsw.gov.au/fishing/commercial/reform/independent-allocation-panel>.

The Panel shall provide advice complete with supporting arguments and explanations or justification for their recommendations.

The Panel commenced its review in November 2017 and agreed, as a first step, to provide all licence holders with this letter of advice of the process and the details of the first phase of consultation to seek licence holders and their representative's views on allocation of catch entitlement for this fishery.

**Panel Consultation Process**

The Panel expects to hold consultation meetings with fishing business owners in the nominated fisheries above during December 2017 and January/February 2018.

There is the opportunity for individual fishing business owners or small groups of fishing business owners to meet with the Panel.

The Panel will also accept first round written submissions until close of business 16<sup>th</sup> February 2018.

The Panel will then consider all views received through the consultation meeting and written submission, together with other information as deemed necessary, to formulate our initial recommendations into a 'draft report'. The 'draft report' will be circulated to all fishing business owners. Written submissions will be encouraged. The Panel will also consider if there is a need for further consultation depending on response to the 'draft report'.

The Panel will then complete their considerations and submit a Final Report to the Minister by mid-2018.

### **How to Set Up a Meeting with the Panel**

**PLEASE NOTE:** Bookings for consultations will initially be open only for the Sydney and Wollongong regions as follows:
